Dear Ms. Villa,

The Office of Federal Compliance has reviewed the information submitted by your company concerning the continuing eligibility as a Disadvantaged Business Enterprise (DBE). I am pleased to inform you that your firm continues to comply with the ownership and control requirements established in accordance with 49 CFR Part 26 of the United States Department of Transportation and the New Hampshire Department of Transportation for certification as a Disadvantaged Business Enterprise.

Your company's **DBE certification remains in effect until May 31, 2015**. Please be advised that in the event of change of ownership and/or control of your firm, or a change in your home state certification status, you are required to notify this office within thirty (30) days of that change.

As a DBE your company will be included in the State's Unified DBE Directory, which is incorporated in all Federal-aid construction contract proposals advertised by the New Hampshire Department of Transportation. It is searchable by scope of work and can be viewed and/or downloaded on our website at www.nh.gov/dot. This certification is not necessarily accepted by other states or agencies and does not validate the capability or capacity of your firm to perform work in the area(s) for which you have been certified.

Thank you for your interest in the DBE Program and I look forward to your continued participation. If the Office of Federal Compliance can be of further assistance, or if you have any questions about the program, please feel free to contact me at 603-271-6612.

Sincerely,

David R. Cloutier
